Important information about the Market Linked Investment

Product Disclosure Statement: This Product Disclosure Statement ("PDS") is dated 4 December 2009 and has been prepared by the Issuer. This PDS has not been lodged with the Australian Securities and Investments Commission ("ASIC") and is not required by the Corporations Act to be lodged with ASIC. ASIC takes no responsibility for the contents of this PDS.

Purpose: The Market Linked Investment ("MLI") is issued by Citigroup Global Markets Australia Pty Limited (ABN 64 003 114 832) Australian Financial Services Licence ("AFSL") number 240992 ("Citi", "Issuer", "we" or "us"), a participant of ASX Group. The MLI is an agreement between the Investor and the Issuer governed by the terms set out in the terms and conditions ("Terms") which are contained in Section 9 of this PDS. It is important that Investors and potential Investors read the Terms in full as these set out the Investor's rights and obligations in relation to the MLI.

Capitalised terms: Capitalised words used in this PDS have the meaning given to them in clause 15 of the Terms, unless the context requires otherwise.

Disclaimer: The MLI and any securities recommended, offered, or sold by the Issuer: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations or liabilities of any insured depository institution (including Citibank, N.A.); and (iii) are subject to investment risks, including the possible loss of income and the principal amount invested in the event of an Early Maturity and possible delays in repayment. The MLI does not represent a deposit or other liability of Citigroup Pty Limited or Citibank, N.A. (Sydney Branch) and these entities do not stand in any way behind the capital value and/or performance of the MLI, or assets held by the Issuer, except as specified in the PDS, nor are these entities issuers of the MLI. The Issuer is not subject to regulatory supervision by APRA.

Variation of times and dates: The Issuer reserves the right to vary the dates and times associated with the offer. This means that the Issuer has a discretion to extend or reduce the length of the offer period by changing any of the relevant dates in the Issuer's absolute discretion. The Issuer may exercise its rights where, for example, the demand for the MLI has been very high and a significant number of customers have requested that the period be extended. However, in exercising its discretion the Issuer would act reasonably and would not leave the offer period open for too long having regard to standard market practice. The Issuer may also vary the Maturity Date if an Early Maturity Event occurs or if an Investor requests Early Maturity and that request is accepted by the Issuer. The term "Early Maturity Event" is defined in clause 4.1 of Section 9 of this PDS. The risks associated with an Early Maturity are more fully discussed in Section 2 of this PDS.

Investment Decisions: It is impossible in a document of this type to take into account the investment objectives, financial situation and particular needs of each reader. Accordingly, nothing in this PDS should be construed as a recommendation by the Issuer, or any associate of the Issuer or any other person concerning an investment in the MLI, the Delivery Assets or any other financial product. Readers should not rely on this PDS as the sole or principal basis of a decision to invest in the MLI, Delivery Assets or any other financial product and should seek independent financial, legal and taxation advice before making a decision whether to invest. No person is authorised by the Issuer to give any information or to make any representation not contained in this PDS. Any information or representation not contained in this PDS must not be relied upon as having been authorised by or on

behalf of the Issuer. Nothing in this PDS is, or may be relied upon as, a representation as to the future performance of the MLI or the Delivery Assets.

Jurisdiction and Selling Restrictions: This PDS is not an offer or invitation in relation to the MLI in any place in which, or to any person to whom, it would not be lawful to make that offer or invitation. The distribution of this PDS outside Australia may be restricted by the laws of those places where it is received. Persons into whose possession this document comes should seek advice on and observe those restrictions. The MLI is not available to US persons. Failure to comply with relevant restrictions may violate those laws of the places where the PDS is received.

Updates relating to this PDS: The Issuer may make available updated information relating to this PDS. Investors may access this information at www.citifirst.com.au or alternatively may request a paper copy of this information free of charge from their licensed financial advisor or by contacting the Issuer on 1300 30 70 70. The information which the Issuer will make available by way of these updates is subject to change from time to time and will not be information which is materially adverse to Investors. It is recommended that you review any such additional materials before making a decision whether to acquire the MLI. If there is any material adverse change, a supplementary product disclosure statement will be issued.

Electronic copies: This PDS is available on the internet at www.citifirst.com.au. Any person receiving this PDS electronically should note that applications can only be accepted if the Issuer receives a completed, current Application Form which accompanied the electronic or paper copy of this PDS. A paper copy of this PDS (with attached Application Form) will be sent by the Issuer to any person who requests one, free of charge. To obtain a paper copy free of charge, please call 1300 30 70 70. Alternatively, the operator of your master trust or wrap account service will be able to provide you with paper copies free of charge.

Cooling off: Please note that no cooling off rights apply in respect of a purchase of the MLI.

Social or Ethical Considerations: The MLI does not take into account labour standards or environmental, social or ethical standards.

Nature of Units: Please note that references to "MLI Units" throughout this PDS means an investment in MLI of an amount equal to the Issue Price. It is not a unit in a managed investment scheme. A MLI Unit is an agreement between the Investor and Issuer under which the Investor agrees to purchase the Delivery Parcel from the Issuer on a deferred basis governed by the Terms.

Section 1 - Introducing the MLI

What is the MLI?

The MLI offers regular fixed income along with the safety of 100% Capital Protection at Maturity. Capital Protection only applies to Investments held on the Maturity Date and provided no Early Maturity occurs. All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of this PDS.

The MLI is classified as a "security" under the Corporations Act because it gives Investors an equitable interest in a portion of the Delivery Assets for the duration of the investment. The Portion is a 1/1000th interest in a Delivery Asset, held by the Issuer or its nominee for an Investor for the Term of Investment. It cannot be dealt with separately to the rest of the MLI.

How is the MLI structured?

The MLI is structured as a deferred purchase agreement. Under a deferred purchase agreement, an Investor agrees to purchase the Delivery Assets (including the Portion) and either:

- elects to accept physical delivery of the Delivery Assets on the Settlement Date; or
- elects to take advantage of the Agency Sale Arrangement upon physical delivery of the Delivery Assets on the Settlement Date and subsequently receive the Sale Proceeds.

For more details, please refer to the Section titled "What happens at Maturity?".

What are the Delivery Assets?

On the Settlement Date, the Issuer will be required to deliver to the Investor ordinary shares in Commonwealth Bank. The value of these shares will be equal to the Final Value per MLI at Maturity (as explained below) multiplied by the number of MLI Units held by an Investor.

The Issuer will only deliver a whole number of Delivery Assets (which will include the Portion). If any fraction of a Delivery Asset would otherwise be transferable by the Issuer to the Investor, the Issuer may keep that fraction of the Delivery Asset (which includes the Portion) and pay an amount equal to the value of the fraction of the Delivery Asset foregone, based on the Official Closing Level on the Trading Day immediately following the Maturity Date, provided that the amount exceeds AUD 20. If the amount does not exceed AUD 20, the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction.

What is the investment strategy of the MLI?

The MLI is designed for Investors who seek fixed Interest Rate Payments that are paid each Quarter throughout the Term of Investment. The MLI delivers this return on each Interest Payment Date with the safety of 100% Capital Protection at the Maturity Date provided no Early Maturity occurs. All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of this PDS.

What are the investment objectives of the MLI?

The investment objectives of the MLI are to provide Investors with the regular fixed income return specified in the Term Sheet whilst providing Capital Protection so that the value of each MLI held at Maturity is not less than the Issue Price. All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of this PDS.

The investment objective of the MLI does not take into account labour standards or environmental, social or ethical standards.

The following table indicates considerations an Investor should take into account in relation to an investment in the MLI. The MLI may be a suitable investment for an Investor if the following apply to the Investor:

Investor Seeks	Investor Can Accept
Income in the form of Quarterly fixed Interest Rate Payments during the holding period of up to 5 years	A holding period of up to 5 years
100% Capital Protection at Maturity*	The possibility of losing part of the Investment Amount if the MLI is not held to Maturity
A medium-term market-linked investment	The risks associated with investing in an AUD Interest Rate (AUD Series) or an USD Interest Rate (USD Series)
No entry, exit, management or brokerage fees payable on Investments held on the Maturity Date	The possibility that returns may be limited or could be less than the return you could earn on other investments

*This Capital Protection only applies to Investments held on the Maturity Date and provided no Early Maturity occurs. Capital Protection is subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. Please refer to Section 2 of this PDS for more details.

What is the investment profile of the MLI?

Time Horizon – In years	1 or less	1-3	3-4	4-5	5 or more	Open-ended
Risk	Very Low	Low	Moderate	High	Very High	Speculative
Investment Objective	Full Protection	Partial Protection	Conditional Protection	No Protection	Income	Growth

When are Interest Rate Payments Made?

Interest Rate Payments are made each Quarter in arrears.

The Interest Rate Payments will be paid on the Interest Payment Dates. For the AUD Series, the Interest Payment Date for an Interest Rate Period is the first Business Day in Sydney after that Interest Rate Period. For the USD Series, the Interest Payment Date for an Interest Rate Period is the first common Sydney and New York Business Day after that Interest Rate Period.

The indicative Interest Payment Dates for the AUD Series and the USD Series are set out in the tables below:

^The indicative Interest Payment Dates shown in the tables above are based on existing Business Day calendars and are subject to change without notice.

How are Interest Rate Payments Calculated?

Both the AUD Series and USD Series pay fixed Interest Rate Payments each Quarter in arrears. The Interest Rate Payment for each Interest Rate Period in relation to each series (AUD or USD) is calculated by the following formula:

$$\text{Interest Rate Payments} = \text{Investment Amount} \times \text{Interest Rate} \times 1/4$$

What is the Final Value per MLI at Maturity?

At Maturity, the Final Value per MLI will be equal to the Issue Price:

AUD Series: AUD1.00 per MLI Unit

USD Series: USD1.00 per MLI Unit

On the Settlement Date, or as soon as possible thereafter, the Issuer will be required to deliver to the Investor ordinary shares in Commonwealth Bank. The value of these shares, provided no Early Maturity occurs (as explained below), will be equal to the Final Value per MLI on the Maturity Date multiplied by the number of MLI Units held by an Investor. The Issuer will only deliver a whole number of Delivery Assets (which will include the Portion).

What are the significant benefits of investing in the MLI?

The significant benefits that an Investor might expect to receive from an investment in the MLI may include:

- **Fixed Income Payments** – The MLI returns a stream of fixed Interest Rate Payments.
- **Capital Protection** – The MLI offers Investors the comfort of Capital Protection, so that the value of each MLI held on the Maturity Date is not less than the Issue Price, provided that no Early Maturity occurs.
- All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of this PDS.

What are the significant risks of investing in the MLI?

The significant risks that an Investor might expect to receive from an investment in the MLI may include:

- **Early Maturity risk** - In certain circumstances, the MLI may be terminated before Maturity and where Early Maturity applies, the value of the MLI may be less than the Investment Amount and Break Costs may apply.
- **Tax and change of law risk** - Changes to laws or their interpretation in Australia, including taxation and corporate regulatory laws, could have a negative impact on the return for Investors.
- **Credit risk** - The Investor is exposed to the credit risk of the Issuer and the Guarantor. All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of this PDS.
- **Market risks** - There is no guarantee that the return of the MLI will exceed the return generated by other investments.

Is the MLI transferable?

The MLI is unlisted and transferable. It cannot be traded on any financial market.

What fees are payable in relation to the MLI?

There are no direct fees or commissions payable by the Investor. The Issuer will pay to distributors an upfront Distributor Fee of up to 2.00% (including GST) of the Investment Amount.

The Issuer may also pay an additional Volume Based Fee to distributors of MLI of up to 0.75% (including GST) of the total Investment Amounts received from clients of those distributors. This fee is paid only where a certain minimum threshold is met, and it is tiered and capped.

These fees are paid by the Issuer to distributors at no additional cost to Investors. For information on what fees and commissions are payable in connection with an investment in the MLI, please refer to Section 5 of this PDS.

What are the currency risks in relation to the MLI?

For both the AUD Series and USD Series, direct currency risk is minimised since all payments associated with the MLI are denominated in the same currency. Investors in the USD Series may incur currency risk. For more details on currency risks, please refer to Section 2 of this PDS.

What are the potential tax implications of investing in the MLI?

Investors who are Australian tax residents should include Interest Rate Payments in their ordinary assessable income when received.

The Issuer will withhold interest withholding tax at 10% from Interest Rate Payments paid to Investors whose Postal Address or Settlement Account, as provided on the Application Form, is outside Australia.

Investors who hold USD Series MLI on capital account for tax purposes may, in certain circumstances, make a capital gain or loss on the Settlement Date, even if they hold their Delivery Assets following the Settlement Date, due to movement in the AUD/USD exchange rate during the term of the MLI. If so:

- A capital gain arising to Investors that are natural persons, trusts, or complying superannuation funds should be eligible for the discount capital gains concession.
- A capital loss is not deductible against assessable income but can be used to offset other current year capital gains or can generally be carried forward to future income years.

It is important that potential Investors carefully review the comments in Section 7, which sets out the general tax implications of investing in the MLI. Investors should be aware that Section 7 of this PDS is provided in general terms only and is not tailored to any Investor's specific circumstances, and Investors should seek their own independent advice as to the tax consequences of investing in the MLI.

What happens at Maturity?

Approximately 20 Business Days before the Maturity Date, the Issuer will notify Investors of the upcoming Maturity by sending them a Maturity Notice.

At Maturity, there are two options available to Investors. These options are:

- **Option 1:** Elect to accept physical delivery of the Delivery Parcel on the Settlement Date; or
- **Option 2:** Elect to take advantage of the Agency Sale Arrangement and receive the Sale Proceeds.

If Investors do not choose either option, the MLI will automatically default to physical delivery of the Delivery Assets.

The option that is best for each individual Investor depends on their preferences.

Option 1 - Taking physical delivery of the Delivery Parcel

If an Investor wishes to take physical delivery of the Delivery Parcel, they do not need to do anything when they receive the Maturity Notice. By doing nothing, physical delivery will automatically apply.

If an Investor takes physical delivery, the Issuer or its nominee will purchase the Delivery Assets specified in the Delivery Parcel and register those Delivery Assets in the Investor's name on the Settlement Date in accordance with the CHES details on the Maturity Notice returned by the Investor. If the Investor is not CHES sponsored or does not return the Maturity Notice, the Issuer or its nominee will register the Delivery Assets as an issuer-sponsored holding in the Investor's name.

If any fraction of a Delivery Asset (including the Portion) would otherwise be transferable by the Issuer to the Investor, the Issuer may keep that fraction of the Delivery Asset and pay an amount equal to the value of the fraction of the Delivery Asset foregone, based on the Official Closing Level on the Trading Day immediately following the Maturity Date, provided that the amount exceeds AUD 20. If the amount does not exceed AUD 20, the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction.

Option 2 - The Agency Sale Arrangement

To take advantage of the Agency Sale Arrangement to receive the Sale Proceeds of the Delivery Parcel, an Investor must:

- elect the Agency Sale Arrangement option on the Maturity Notice; and
- return the Maturity Notice to the Issuer by the Closing Time.

Under the Agency Sale Arrangement, the Issuer will accept physical delivery of the Delivery Parcel on the Investor's behalf and will sell the Investor's Delivery Parcel on the Investor's behalf. The Issuer will pay the Investor the Sale Proceeds (which will equal the number of Delivery Assets sold multiplied by the Official Closing Level on the Trading Day immediately following the Maturity Date (see "How is the price of the Delivery Assets calculated?" below) by cheque or directly into the Investor's nominated Settlement Account. Payment will be made within 10 Business Days of the Settlement Date or as soon as reasonably practicable thereafter.

If the Delivery Parcel includes any fraction of the Delivery Assets, the Issuer will transfer the equivalent value of the fraction into the Investor's nominated Settlement Account or pay it to the Investor by cheque within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter (in effect this is a reimbursement of a portion of the Investment Amount).

How is the price of the Delivery Assets calculated?

The Issuer will calculate the price of the Delivery Assets as either the price paid by the Issuer to acquire the Delivery Assets or the last traded price of the Delivery Assets at or around 4:10 pm Sydney time on the Trading Day immediately following the Maturity Date unless it is not possible to determine the price of the Delivery Asset at that time, in which case the Issuer may either:

- nominate another time to determine the Official Closing Level; or
- determine the Official Closing Level to be the price determined by the Issuer as its best estimate of the Delivery Asset value at or around 4:10 pm Sydney time on the Trading Day immediately following the Maturity Date (or in the case of an Early Maturity, the Early Maturity Date).

What happens if an Investor does not make an election or fails to return the Maturity Notice?

Physical delivery will apply if:

- an Investor does not elect the Agency Sale Arrangement option on the Maturity Notice; or
- the Issuer does not receive an Investor's Maturity Notice by the Closing Time.

Can the MLI be terminated early?

Investors may terminate their investment in the MLI before the Maturity Date by submitting a completed Investor Sale Form to the Issuer and requesting in writing an Early Maturity for the full amount of the Investor's MLI. The Issuer may, in its absolute discretion, accept or reject the Investor's request. If the Issuer accepts, then the Issuer will send the Investor an Early Maturity Notice specifying an Early Maturity Date.

In the Early Maturity Notice, the Issuer will specify whether:

- the normal Maturity process will apply (as set out in "What happens at Maturity?" on page 6); or
- the Issuer will pay an Exit Payment.

If the normal Maturity process applies, then the Investor will receive the Early Maturity Value which means the fair economic value of the MLI Unit at or around 5:00 pm Sydney time on the Early Maturity Date as determined by the Issuer in its absolute discretion, unless it is not possible to determine the fair economic value of the MLI Unit at that time, in which case the Issuer may nominate another time to determine the Early Maturity Value.

Without limiting the above, in determining the "Early Maturity Value" the Issuer may deduct any costs, losses or expenses that it incurs in relation to the Early Maturity, including without limitation, Costs and Taxes, Break Costs,

administrative costs, costs of unwinding any hedge put in place for the purposes of meeting its obligations under the Terms, and any cost of funding or any loss of bargain.

If the Issuer elects to pay an Exit Payment, then the Investor will receive the amount determined by the Issuer in its absolute discretion and by whatever means the Issuer deems appropriate. Without limiting the foregoing, in determining the Exit Payment, the Issuer may adjust the Exit Payment for any costs, losses or expenses that it incurs in relation to the Early Maturity, including without limitation, Costs and Taxes, Break Costs, administrative costs, costs of unwinding any hedge put in place for the purposes of meeting its obligations under these Terms, and any cost of funding or any loss of bargain.

The Early Maturity Value or Exit Payment will take into account all accrued Interest Rate Payments up until the Early Maturity Date. However, Investors will not be paid any interest in respect of the period after the Early Maturity Date.

It is important to note that the Issuer only provides the Capital Protection to Investors who hold the MLI on the Maturity Date and provided no Early Maturity occurs. This Capital Protection ensures that the value of each MLI on the Maturity Date will be no less than the Issue Price but Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. If an Investor requests Early Maturity they may well receive an amount less than the Investment Amount. Investors should refer to Section 2 of this PDS which discusses the risks associated with Early Maturity Events. Investors should also read clause 4 of the Terms to fully understand their rights and obligations if they request an Early Maturity.

Please note Capital Protection will not apply to the Early Maturity of the MLI.

Can the Issuer terminate early without Investor approval?

The MLI may be terminated early if an Early Maturity Event occurs. Investors should refer to Section 2 of this PDS which discusses the risks associated with Early Maturity. Investors should also read clause 4 of the Terms to fully understand their rights and obligations if an Early Maturity Event occurs and to understand what events constitute an Early Maturity Event.

If an Early Maturity Event occurs, the Capital Protection feature of the MLI will not operate so the number of Delivery Assets or the Sales Proceeds from the Agency Sale Arrangement will be determined by reference to the Exit Payment or the fair economic value of the MLI at or around 5:00 pm Sydney time on the Early Maturity Date as determined by the Issuer in its absolute discretion. The Issuer may also deduct Break Costs in relation to the Early Maturity.

Can the Issuer change the Terms of the MLI?

The Terms may be amended or varied if an Adjustment Event or Early Maturity Event occurs or in certain other limited situations such as to comply with the law, or to correct an error or inconsistency in the Terms. Investors will be notified of any such changes. Investors should refer to Section 2 of this PDS which discusses the risks associated with Early Maturity Events or Adjustment Events. Investors should also read clause 5 of the Terms to fully understand their rights and obligations if an Adjustment Event occurs.

Does the MLI offer any Capital Protection?

The obligation to deliver to an Investor the Delivery Assets and any return on the MLI is an obligation of the Issuer. Investors should be aware that the Capital Protection does not apply if the MLI is terminated because an Early Maturity occurs. The Issuer may, in limited circumstances, terminate the MLI prior to the Maturity Date if an Early Maturity Event occurs. However, Early Maturity Events are generally beyond the Issuer's control and the Issuer will only call for Early Maturity if, in its opinion, such an event has a material impact on the continued viability of the MLI. Clause 4 of the Terms (in Section 9 of this PDS) describes the events that constitute an Early Maturity Event.

The MLI may also be terminated early at the Investor's request. Investors should read clause 4 of the Terms and the Section titled "Can the MLI be terminated early?" (earlier in this Section) to understand their rights and obligations if an Early Maturity occurs.

Capital Protection provides that the value of each MLI held on the Maturity Date will be no less than the Issue Price but does not apply where Early Maturity occurs. This Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 2 of the PDS. Capital Protection is also subject to rounding (see "What happens at Maturity?" earlier in Section 1 of this PDS).

Guarantee

The guarantee given to each Investor by the Guarantor is a continuous, irrevocable and unconditional guarantee of the due and punctual payment of all monies which may become actually or contingently payable to an Investor by the Issuer under, or in conjunction with, the MLI and the due and punctual performance of the Issuer's obligations under the Terms. Each Investor is entitled severally to enforce the guarantee. The guarantee is subject to the credit worthiness of the Guarantor (Citigroup Inc.)

Any payments under the guarantee must be made to Investors in the same manner and currency as the Issuer would be required to make to satisfy its obligations under the MLI. The Guarantor must also pay interest on any amount payable by it under the terms of the guarantee during any period when it remains unpaid. All payments made by the Guarantor under the guarantee will be made free and clear and without any deduction for present or

future taxes. If any law requires the Guarantor to withhold on account of any taxes then the amount payable by the Guarantor will be increased so that after making such withholding the Investor receives the same amount it would have received had no such withholding occurred.

Investors may obtain a copy of the deed of guarantee by contacting the Issuer on 1300 30 70 70.

Issue Size

The Issuer aims to raise the equivalent of AUD 3-5 million, taking into account both AUD Series and USD Series of the MLI. If less than the equivalent of AUD 3 million is raised, the Issuer may, in its absolute discretion, issue MLI anyway. However, the Issuer retains the discretion to reject any Applications. If the Issuer rejects Applications, the Investment Amounts (without interest) will be returned to Applicants either by bank transfer or by cheque at the risk of the Applicant within 10 Business Days after the Offer Closes.

Disputes concerning the MLI

The Corporations Act requires the Issuer to have procedures in place for dispute resolution. The Issuer's process for dispute resolution is available to Investors free of charge. Investors may make a complaint relating to the MLI directly to the Issuer on 1300 30 70 70. The Issuer will take all steps necessary to investigate any complaint and seek a resolution.

If the outcome is unsatisfactory, Investors may refer their complaint to Financial Ombudsman Service ("FOS") at:

Section 2 – Risks of investing in the MLI

Risk Factors

Early Maturity Risk

In certain circumstances, the MLI may be terminated early where an Investor requests Early Maturity or an Early Maturity Event occurs. If an Early Maturity Event occurs, Investors will be given approximately 20 Business Days' notice of any proposed Early Maturity unless it is otherwise impracticable to do so. The Issuer only provides Capital Protection for the MLI at Maturity. Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to "Credit Risks" below. Prior to Maturity, Investors will receive the fair economic value of the MLI or the Exit Payment (as determined by the Issuer) which will be based on various market factors such as volatility and time remaining to Maturity. This may result in the value of the MLI being less than the Issue Price in instances where Early Maturity applies. In determining the fair economic value or the Exit Payment, the Issuer may deduct Break Costs (which may be substantial) in relation to the Early Maturity.

Liquidity Risk

It is at the Issuer's absolute discretion to permit Early Maturity once a week. However, the MLI obtains exposure to the Interest Rates using over the counter ("OTC") transactions. These OTC transactions must be unwound to allow Early Maturity and consequently the MLI may be illiquid and Break Costs and Taxes may be significant.

The MLI is not quoted on the ASX or any other financial market. The MLI is transferable with the consent of the Issuer (for more detail please refer to clause 14.9(b) of the Terms) but there is no guaranteed ability to sell a MLI before Maturity.

Market Risk and Economic Factors

The value of the MLI at any time will be affected by a number of market variables that change daily, such as volatility, the trading liquidity, prevailing and anticipated economic conditions, technological, legal or political conditions, other inter-related factors which affect the performance of markets generally and the interest rate markets specifically, and time remaining to Maturity.

Credit Risk

The Issuer is a wholly owned subsidiary of Citigroup Inc. ,a diversified global financial services holding company, whose businesses provide a broad range of financial services to consumer and corporate customers with more

than 200 million customer accounts doing business in more than 100 countries.

Copies of financial statements of Citigroup Inc. can be found on http://www.citigroup.com/about_us/. Hard copies of those financial statements can be obtained by calling Citi on 1300 30 70 70.

The value of the MLI depends on the ability of the Issuer to perform its obligations under the Terms and the ability of the Guarantor to perform under its guarantee of the Issuer's obligations. These obligations are unsecured contractual obligations of the Issuer and Guarantor and will rank equally with other unsecured obligations and debt of the Issuer and Guarantor other than liabilities mandatorily preferred by law.

Investors must make their own assessment of the ability of the Issuer and Guarantor to meet their obligations in respect of the MLI. Nothing in this PDS is, or may be relied upon as being, a representation as to any future event or a promise as to the future of the ability of the Issuer or the Guarantor to perform their obligations.

The Issuer also has the right to transfer its obligations by giving notice to Investors in accordance with the Terms (see clause 14.9(a) of the Terms).

Adjustment Event Risk

There may be adjustments to the Terms of the MLI due to Adjustment Events such as (but not limited to) mergers and disposals, price source disruption, changes to the Issuer's hedging arrangements, trading suspension and changes in Corporations Act or taxation laws. Investors should read clause 5 of the Terms set out in Section 9 of this PDS.

Exercise of Discretion by the Issuer

Investors should note that a number of provisions of the Terms confer discretions on the Issuer and its associates which could affect the value of the MLI. These include the powers to nominate Adjustment Events and Early Maturity Events, to substitute the Delivery Assets, to adjust or modify the method of any calculation as set out or used in the Terms and to make adjustments to the terms of the MLI as contemplated in the Terms.

Tax Risk

We recommend that Investors seek independent tax advice before making an investment in the MLI. The Issuer is not in the business of providing tax advice and therefore cannot be relied upon to advise on, nor takes any responsibility for, the taxation implications in respect of an investment in the MLI.

In particular, Investors should note that Section 7 of this PDS assumes that Investors will take physical delivery of, and hold, the Delivery Assets for the purposes of deriving assessable dividends.

Change of Law Risk

Changes to laws or their interpretation in Australia, including taxation and corporate regulatory laws, could have a negative impact on the return of Investors.

As set out in the letter in Section 7 of this PDS, the ATO has examined deferred purchase agreements. It is important that potential Investors carefully review the comments in Section 7 as regards the ATO views and implications for the MLI.

Potential Conflicts of Interest

The Issuer and other Citi companies may be, as a result of investment banking or other engagements, in possession of material price sensitive information relating to the Delivery Assets. However consistent with our long standing policy to hold in confidence the affairs of our customers, we will not use confidential information obtained from customers, except in connection with our services to that customer. We may also conduct transactions as principal or as agent in various financial instruments, including the Delivery Assets. These investment banking activities, trading activities or any other activities of Citi may affect (positively or negatively) the price at which the Delivery Assets trade at any point in time.

Citi may have a potential conflict of interest of which you are not aware and which we are unable to disclose to you.

Investment Decisions

The information in this PDS is intended to provide Investors and their professional advisors the information they would reasonably require and reasonably expect to find for the purpose of making an informed assessment of the capacity of the Issuer to fulfil its obligations under the MLI and the risks, rights and obligations associated with the MLI. It is impossible in a document of this type to take into account the investment objectives, financial situation and particular needs of each Investor. Accordingly, nothing in this PDS should be construed as a recommendation by the Issuer or any associate of the Issuer or any other person concerning investment in a MLI.

Readers should not rely on this PDS as the sole or principal basis of a decision to invest in the MLI, Delivery

Assets or any other financial product and should seek independent financial, legal and taxation advice before making a decision whether to invest.

Currency Risk

The USD Series is denominated in United States Dollars ("USD"). The Issue Price for the USD Series must be paid in USD. Accordingly, if an Investor holds Australian Dollars or any other currency which is not USD, that currency will need to be converted to USD before the Investor invests in the USD Series. Such Investors may be subject to currency risk. Investors in the USD Series that do not elect to take advantage of the Agency Sale Arrangement and accept the Delivery Assets may incur currency risk beyond the Maturity of the MLI as the Delivery Assets are an Australian dollar denominated security. If the Investor chooses to use the Agency Sale Arrangement, there is currency risk if the exchange rate at the time the Issuer purchases and delivers the Delivery Assets and sells those Delivery Assets under the Agency Sale Arrangement are not the same. Currency risk is the risk that the value of an investment in the USD Series in non-USD terms changes relative to its value in USD. In particular, Investors should be aware that if the non-USD currency was to appreciate in value against the USD, the value of the investment in the MLI in non-USD terms would decrease, and vice versa.

Section 3 – Interest Rate Payment examples

The calculations in this Section are illustrative examples designed to indicate how an investment in the MLI could perform under the AUD Series and USD Series when held on Maturity. The Interest Payment Dates shown in each of the examples are based on existing Business Day calendars and are subject to change without notice. For the Interest Rate Payment calculations, the examples assume an Investment Amount of AUD 1,000,000 (AUD Series) or USD 1,000,000 (USD Series) and the Interest Rate Payments under each example are paid in the corresponding currency.

The Issuer will withhold interest withholding tax at 10% from Interest Rate Payments paid to Investors whose Postal Address or Settlement Account, as provided on the Application Form, is outside Australia.

Investors should also be aware that their entitlement to receive payments are obligations of the Issuer which are guaranteed by the Guarantor. If the Issuer and the Guarantor default on their obligations to pay any amount, you will be an unsecured creditor in relation to that defaulted obligation.

Example 1 – AUD Series

In this first example, we describe an Investment in the MLI (AUD Series).

The table below shows the Interest Payment Dates over the life of the MLI and the corresponding Interest Rate Payments payable to an Investor in the AUD Series in Australian dollars.

Interest Payment Dates	Interest Rate (% p.a.)	Interest Rate (per Quarter)	Interest Rate Payment (on AUD 1 million Investment Amount) in AUD
Tue, 6-Apr-10	7.15%	1.7875%	17,875

In this example the Investment yields 7.15% p.a. paid each Quarter in arrears which is a total return of 35.75% over the 5 year life of the MLI.

Example 2 – USD Series

In this second example, we describe an Investment in the MLI (USD Series).

The table below shows the Interest Payment Dates over the life of the MLI and the corresponding Interest Rate Payments payable to an Investor in the USD Series in US dollars.

Interest Payment Dates	Interest Rate (% p.a.)	Interest Rate (per Quarter)	Interest Rate Payment (on USD 1 million Investment Amount) in USD

In this example the Investment yields 3.60% p.a. paid each Quarter in arrears which is a total return of 18.00% over the 5 year life of the MLI.

Section 4 – Information about the Delivery Assets

At Maturity, the Issuer is required to deliver to Investors the Final Value per MLI multiplied by the number of MLI Units held by the Investor. The Issuer has agreed to deliver that Total Value to the Investor in the form of ordinary shares in Commonwealth Bank (the "Delivery Assets") on the Settlement Date if:

- an Investor does not elect the Agency Sale Arrangement option on the Maturity Notice; or
- the Issuer does not receive an Investor's Maturity Notice by the Closing Time.

This section of the PDS provides some further information about the Delivery Assets.

Information about the Delivery Assets

The Delivery Assets are ordinary shares in Commonwealth Bank which is one of Australia's leading financial services providers. Financial services offered by Commonwealth Bank include retail, institutional and business banking, funds management, superannuation, insurance, investment and broking services. Commonwealth Bank is currently one of the largest listed companies on the Australian Securities Exchange.

The performance of the MLI and the Final Value per MLI are not affected by the performance of the Delivery Assets over the investment period. However, Investors who elect to receive the Delivery Assets at Maturity should be aware that following delivery of the Delivery Assets the value of their Delivery Assets will be affected by changes in the price of Commonwealth Bank ordinary shares as traded on ASX.

Commonwealth Bank is subject to continuous disclosure obligations and makes regular releases to the ASX that are publicly available.

Investors can also obtain more exhaustive information from the Commonwealth Bank website including pricing and company information.

The Issuer makes no recommendation, representation or assurance about the performance or prospects of Commonwealth Bank.

Commonwealth Bank had no involvement in this PDS

References in this PDS to Commonwealth Bank are included for the purpose of identification of the shares that comprise the Delivery Assets and the Delivery Parcel. These references are not an express or implied endorsement by Commonwealth Bank, or any of its related entities, of the MLI.

No member of the Commonwealth Bank group of entities has had any involvement in the preparation of any part of this PDS, accepts responsibility for any statement in this PDS, or has been involved in or consented to the issue of this PDS.

Changes to the Delivery Assets

If an Adjustment Event occurs (or if, in its reasonable opinion, the Issuer determines that it is not possible to transfer the Delivery Assets) the Issuer may substitute the Delivery Asset with any other security quoted and trading on the Relevant Exchange.

The Issuer will notify Investors of any such changes and it will carry out the adjustment so as to put both the Investor and the Issuer in substantially the same economic position as if the Adjustment Event had not occurred. If this is not possible then there may be an Early Maturity. Investors should read clause 5 of the Terms to fully understand their rights and obligations if an Adjustment Event occurs.

Section 5 – Fees associated with the MLI

Investors do not pay any direct fees to the Issuer associated with an investment in the MLI.

There will be no commission, establishment fee or ongoing management fee payable to the Issuer in respect of the MLI.

Should the MLI terminate early, the Issuer may charge the Investor any Costs and Taxes or Break Costs associated with the early termination. The Break Costs may include all costs, expenses and losses incurred by the Issuer and notified by the Issuer as payable by the Investor as a result of the early termination, unwind of a hedge position or any loss of profits that the Issuer may suffer as a result of the early termination. The Break Costs may be substantial. The Issuer will notify the Investor of such Break Costs in the Early Maturity Notice and will also provide indicative Break Costs prior to Early Maturity if requested and where possible.

The Issuer may profit from its ability to manage the underlying risk associated with the investment of the MLI and its responsibilities as Issuer of the MLI. However, the calculation of the Final Value per MLI is as set out in this PDS and is independent of any income or profits earned by the Issuer.

The Issuer may pay distributors, brokers and financial advisors (including Citibank, N.A. and Citigroup Pty Limited) a placement fee and/or an annual fee (including GST) in connection with the sale and distribution of the MLI. These fees may be paid by the Issuer to its related bodies corporate. These fees will be paid by the Issuer at no additional cost to Investors.

In addition, the Issuer will pay to distributors an upfront Distributor Fee* of up to 2.00% (including GST) of the Investment Amount.

The Issuer may also pay an additional Volume Based Fee** to distributors of MLI of up to 0.75% (including GST) of the total Investment Amounts received from clients of those distributors. This fee is paid only where a certain minimum threshold is met and the fee is tiered and capped.

These fees are paid by the Issuer to distributors at no additional cost to investors.

* For example, if you invest \$1,000,000, the Distributor Fee payable to the distributor would be up to \$20,000 (i.e. \$1,000,000 x 2.00%). This is paid by the Issuer at no additional cost to Investors.

** For example, if the total of the Investment Amounts invested by clients of a distributor is AUD 3,000,000 equivalent, the Volume Based Fee payable to that distributor would be up to an additional \$22,500 (i.e. \$3,000,000 x 0.75%). This payment is in addition to the Distributor Fee payable to the distributor for each investment made into this product. The Volume Incentive Fee is paid by the Issuer to distributors at no additional cost to investors.

For more details on commission and benefits paid to financial advisors, Investors should refer to the financial services guide or statement of advice prepared by their financial advisor. Financial advisors should follow ASIC guidelines in relation to disclosure of all fees. Investors should always discuss fees and their benefits with an advisor.

4 December 2009

Dear Directors,

MLI Income Earner 6 – Deferred Purchase Agreements AUD Series 2009 – 29 & USD Series 2009 – 29 Australian tax implications

We have been asked by Citigroup Global Markets Australia Pty Limited (“**Issuer**”) to prepare a taxation report for inclusion in a Product Disclosure Statement (“**PDS**”) to be dated on or about 4 December 2009, in relation to the Market Linked Investment Income Earner 6 Deferred Purchase Agreement AUD Series 2009 – 29 and USD Series 2009 – 29 (“**MLI**”).

1 Scope

In this letter we provide an analysis of the main Australian income tax, and goods and services tax (“**GST**”) implications arising for persons (“**Investors**”) who acquire interests in the MLI, in accordance with the terms of the PDS.

It is important for Investors to note that this letter is limited to a consideration of the indicative tax position of Investors who are residents of Australia for tax purposes including individuals, companies and complying superannuation entities and:

- who do not carry on the business of trading or dealing in securities; and
- who hold their MLI investment for the purpose of realising a long term return (i.e. hold their investment on capital account for tax).

In particular, it is assumed that Investors will take physical delivery of their Delivery Assets (i.e. ordinary shares in the Commonwealth Bank of Australia) on the Settlement Date and hold such Delivery Assets for the purpose of deriving assessable dividends, rather than utilising the Agency Sale Arrangement. Investors who do not have such an intention, or who seek an Early Maturity, are not considered in this letter. In such situations, Investors may be subject to other provisions of tax law, including the possible recognition of gains and losses under the ordinary assessing provisions, rather than by reference to the capital gains tax (“**CGT**”) provisions and related discounting rules discussed further below.

The information contained in this letter is of a general nature only and does not attempt to address all of the tax implications that may be relevant. Prospective Investors should not rely on the information contained in this letter and should seek independent taxation advice in light of their own particular facts and circumstances.

This letter does not consider the deductibility of funding costs in relation to Investors who borrow money in order to make their investments in the MLI. Such Investors should seek their own advice on this issue.

The representatives of Greenwoods & Freehills Pty Limited involved in preparing this letter are not licensed to provide financial product advice in relation to dealing in securities. Accordingly, Greenwoods & Freehills Pty Limited does not seek to recommend, promote or otherwise encourage any party to participate in the MLI.

Applicants should consider seeking advice from a suitably qualified Australian Financial Services Licence holder before making any investment decision. Applicants should also note that taxation is only one of the matters that may need to be considered.

This letter is based on Australian tax laws and practices applicable as at the date of this letter. Investors should be aware that such laws and practices may change during the term of the MLI.

All references in this letter to legislative provisions are references to provisions of the *Income Tax Assessment Act 1936* or the *Income Tax Assessment Act 1997* (each the "Act"), as applicable. Capitalised terms not defined in this letter have the same meanings as in the PDS.

2 Tax treatment of the MLI: general comments

The MLI is structured as a deferred purchase agreement ("DPA"), under which an Investor agrees to purchase the Delivery Assets (including the Portion) and elects to either accept physical delivery of the Delivery Assets on the Settlement Date or to take advantage of the Agency Sale Arrangement and receive the Sale Proceeds. On the Settlement Date the Issuer will be required to deliver the Delivery Assets to the Investor.

In Taxation Determinations TD 2008/21 and TD 2008/22 (collectively, "ATO TDs"), the Commissioner of Taxation ("Commissioner") has expressed views on certain tax issues relevant to DPAs with specified features.

The MLI has some differences to the features set out in the ATO TDs. However, in our opinion, the outcomes set out in the ATO TDs should generally also apply to the MLI. Accordingly, set out below is our expectation as to how the Commissioner would treat the returns, and gains or losses, made by an Investor in the MLI.

3 Tax treatment of Interest Rate Payments

In TD 2008/21, the Commissioner expresses the view that "coupon payments" on typical DPAs are assessable income. Accordingly, Investors should include Interest Rate Payments received on their MLI in their assessable income.

Where an Investor acquires a USD Series MLI, for tax purposes the Investor should translate the USD amount of an Interest Rate Payment to AUD using the prevailing USD/AUD spot exchange rate at the time of receipt.

4 Tax treatment of gains and losses arising from an investment in the MLI

4.1 Introduction

In TD 2008/21, the Commissioner has reached the view that any gain (other than Interest Rate Payments) or loss on a typical DPA would generally be on capital account, and thus subject to the CGT rules in the Act. However, a gain or a loss will be on revenue account and assessable as ordinary income, or allowed as an ordinary deduction, where the transaction is entered into as an ordinary incident of carrying on a business or in a business operation or commercial transaction with a purpose of profit-making.

Greenwoods & Freehills

As explained further below, in TD 2008/22, the Commissioner has expressed the view that two possible taxing points for CGT purposes will arise in a typical DPA.

Having regard to the comments above as to the scope of this letter, i.e. it has been assumed that an Investor holds their investment in the MLI and the Delivery Assets as capital assets, any gains (other than Interest Rate Payments) or losses made by an Investor in relation to the MLI and the Delivery Assets should generally be on capital account and subject to taxation under the CGT rules.

4.2 Application of the Commissioner's views on DPAs to the MLI

First possible taxing point – delivery of the Delivery Assets

Under the approach in TD 2008/22, a "CGT event" (known as CGT event C2) will happen when the Delivery Assets are delivered to an Investor in the MLI on the Settlement Date, even if the Investor continues to hold the Delivery Assets beyond that date. The Commissioner has reached the view that in the case of typical DPAs, CGT will apply to an unrealised gain or loss at the time of the delivery of the relevant delivery assets, on the basis that the investor's contractual rights under the DPA are separate and distinct assets to the actual delivery assets.

Capital gain (first taxing point)

Where an Investor acquires the USD Series MLI, the cost base of the CGT asset, for the purposes of the first taxing point, will include the USD-denominated Issue Price translated to AUD by applying the USD/AUD spot exchange rate on the Issue Date (together with certain other amounts such as non-deductible brokerage costs and professional advisory fees).

The capital proceeds for the purposes of the first taxing point will be the market value of the Delivery Assets received by an Investor at the maturity of the MLI expressed in AUD.

Accordingly, for Investors in the USD Series, but not for Investors in the AUD Series, a CGT gain may arise upon the delivery of the Delivery Assets, being any excess of those capital proceeds over the cost base.

As a practical matter, where an Investor intends to retain their Delivery Assets beyond the Settlement Date, they will need to fund the tax liability in relation to any capital gain from other sources, given that they will have no realised gain/cash from their MLI investment at that point.

Taxation of other foreign currency gains or losses

An Investor in the USD Series MLI should seek their own advice as regards the tax implications (if any) arising from any gain or loss applicable to the disposal of the USD used to make their MLI investment, and/or from any foreign currency transactions arising upon the disposal of Delivery Assets.

Capital gains discount concession – application at the first taxing point

An Investor in the USD Series MLI, who is a natural person, a trust, or a complying superannuation entity may be entitled to the CGT discount concession on any capital gain realised at the first taxing point, i.e. on receipt of the Delivery Assets (after first offsetting any capital losses). Individuals and trustees are entitled to a discount of 50%, while complying superannuation entities are entitled to a discount of 33.33% of the net gain.

Investors should note that the CGT discount concession only applies to reduce the net capital gain made in relation to CGT assets which are held for a continuous period of not less than 12 months. This requirement should be met by all Investors in the USD Series MLI, with the exception of those Investors who are permitted to make an Early Maturity within 12 months after making an investment in the MLI, given that

Greenwoods & Freehills

the 12 month period will be measured from the inception of the Investment (i.e. upon entry into the MLI).

Capital loss (first taxing point)

Any capital loss realised by an Investor upon delivery of the Delivery Assets (i.e. where the then market value of the Delivery Assets is less than the Investor's reduced CGT cost base for the MLI) may be applied to offset capital gains (before any discounting) realised in the same year of income or may be carried forward to future years. Capital losses are not able to be applied against ordinary income. The reduced cost base will include the Issue Price paid by the Investor upon Application for their MLI investment (together with certain other amounts such as non-deductible brokerage costs and professional advisory fees).

Second taxing point – sale of the Delivery Assets

Under the approach in TD 2008/22, a separate/additional CGT gain or loss would arise when an Investor sells their Delivery Assets, i.e. at a date later than the Settlement Date, assuming they have chosen to accept physical delivery of their Delivery Assets.

The Commissioner accepts in TD 2008/22 that the CGT cost base of the relevant delivery assets in a typical DPA will be their market value on the Settlement Date. The approach in TD 2008/22 should apply to Investors in the MLI. As a result, no question of "double tax" in relation to the overall gain from an investment in the MLI should arise. That is, any gain on disposal of the Delivery Assets would only reflect any increase in value of the Delivery Assets from the Settlement Date to the date of disposal.

Under TD 2008/22, the Delivery Assets themselves would need to be held for at least 12 months in order to benefit from any available CGT discount concession as regards any capital gain upon their subsequent disposal. That is, for the purposes of the second taxing point, the 12 months will run from the Settlement Date and not the Issue Date.

Any capital loss realised by an Investor upon the disposal of a Delivery Asset (i.e. where the disposal proceeds are less than the market value of the Delivery Asset on the Settlement Date) may be applied to offset capital gains (before any discounting) realised in the same year of income or may be carried forward to future years. Capital losses are not able to be applied against ordinary income.

5 Dividends on Delivery Assets

An Australian Investor's assessable income will generally include any dividends and the amount of any franking credits attached to dividends paid on the Delivery Assets after the Settlement Date. Franking credits will be included in an Investor's assessable income, and the Investor will generally be entitled to a corresponding tax offset (rebate).

Where franking credits are attached to dividends paid on the Delivery Assets, to be eligible for the franking credit and tax offset, the Investor must generally have held the Delivery Assets "at risk" for a period of at least 45 days (not including the date of acquisition or the date of disposal). For these purposes an Investor is taken to acquire the Delivery Assets on Settlement Date, so that the period during which they hold a Beneficial Interest in the Delivery Assets does not count towards the holding period. The 45 day rule should not apply to an Investor if the Investor is an individual whose tax offset entitlement (on all shares and interests in shares held) does not exceed \$5,000 for the income year in which the franked dividend is paid. If an Investor enters into put or call options (or other derivatives) in relation to their Delivery Assets, this may affect whether the shares are sufficiently held "at risk" for the purposes of the franking rules, and specific advice should be sought.

Greenwoods & Freehills

Although certain changes to the tax law have affected the applicability of the abovementioned holding period rules, the previous Government indicated in a press release dated 27 September 2002 that it intended to amend the law to ensure that these rules continue to apply without substantive change. As at the date of this letter, no legislation has been enacted in this regard. The ATO has indicated that it will continue to apply the rules as a matter of administrative practice.

Where the Investor is an individual, a complying superannuation entity or a registered charity (in certain circumstances), the Investor will generally be entitled to a refund to the extent that the franking credits attached to the Investor's dividends exceed the Investor's tax liability for the income year. Where the Investor is a company, any franked dividends the Investor receives will generally give rise to a franking credit in the Investor's franking account.

6 Qualifying and traditional securities

The Act currently contains provisions, in Division 16E of Part III, that impose tax on an accruals basis on holders of "qualifying securities", being certain debt-like securities where some or all of the income under that security is deferred. For example, securities issued at a large discount to face value, or where income is otherwise deferred, often bring those rules into operation. Where Division 16E applies, the discount or deferred income is taxed to the holder over the term of the security so as to prevent the deferral of tax.

Division 16E only applies to a "qualifying security", as that term is defined in the Act. In our view, an investment in the MLI should not be regarded as comprising a "qualifying security", such that Division 16E should have no application to an Investor. The Commissioner's approach in TD 2008/21 supports this view.

The Act also contains rules, in sections 26BB and 70B, that deem gains and most losses on the acquisition and disposal of "traditional securities" to be of an ordinary rather than a capital nature for tax purposes. In our view, an MLI investment should not be a "traditional security" for the purposes of these rules. The Commissioner's approach in TD 2008/21 supports this view.

7 The general anti-avoidance rule: Part IVA

The general anti-avoidance rule, contained in Part IVA of the Act, gives the Commissioner the power to issue a determination which, generally speaking, cancels a "tax benefit" obtained by a taxpayer in connection with a scheme entered into or carried out by a person where a party to the scheme has a sole or dominant purpose, objectively determined, of obtaining the tax benefit for the taxpayer. An example of a tax benefit is an amount that is not included in the assessable income of a taxpayer, which would have been, or could reasonably be expected to have been, included if the scheme did not take place.

It is difficult to predict how the Commissioner or a Court may form a judgment in the future. Nonetheless, having regard to Investors within the scope of this letter as set out earlier, in our opinion the general anti-avoidance provisions contained in Part IVA should not apply to a given Investor in relation to their investment in the MLI.

However, we note that there may be additional factual circumstances applicable to any given Investor of which we are unaware that could result in a different conclusion being formed in the future by either the Commissioner or a Court.

8 Tax reform

Legislation as regards reforms to the taxation of financial arrangements ("TOFA") has recently been enacted. The TOFA reforms will impact upon the tax treatment of a wide range of financial transactions. The new measures will apply on a mandatory basis from 1 July 2010 for qualifying taxpayers and arrangements, but with an optional start date of 1 July 2009. The new regime will only apply on a mandatory

Greenwoods & Freehills

basis to financial arrangements acquired on/after those dates, although taxpayers are able to elect to include transactions undertaken before those dates.

Accordingly, given the timing of the transactions anticipated in the PDS (and without need to consider what arrangements and taxpayers are included or excluded from the TOFA regime) the TOFA rules should have no potential impact on an Investor as regards the MLI, unless relevant elections were to be made by an Investor, in which case they should seek their own advice relevant to their facts and circumstances.

9 GST

Investors should not be liable to GST by reason of their acquisition, ownership and disposal of an investment in the MLI and the Delivery Assets.

Yours sincerely,

Section 9 - Terms and conditions

Market Linked Investment ("MLI")

These Terms (including those set out in the Term Sheet) form the terms and conditions on which the person named in the Application Form (the "Investor" or "Applicant") agrees to acquire in the future the Delivery Parcel from the Issuer under the MLI. Capitalised words are defined in clause 15 of these Terms.

1. Applications and Acceptance

1.1. Offer by the Applicant

An Applicant may make an offer to the Issuer to acquire the Delivery Parcel from the Issuer on a deferred basis in accordance with these Terms:

- (a) by completing and returning to the Issuer a completed, valid Application Form before the Offer Close Time; and
- (b) by ensuring that an amount equal to the Investment Amount is received by the Issuer in cleared funds by the Offer Close Time.

1.2. Investor bound by Terms

By signing the Application Form and lodging it with the Issuer, the Investor agrees to be bound by these Terms.

1.3. Acceptance of the offer by the Issuer

- (a) The Issuer may decide in its absolute discretion whether or not it will accept the Applicant's offer to acquire the Delivery Parcel from the Issuer.
- (b) If the Issuer decides that it will accept an Application and provided that the Issuer has received the Investment Amount in cleared funds by the Offer Close Time (or such other time if otherwise accepted by the Issuer in its discretion), acceptance of the Applicant's offer will take place on, and the parties' rights and obligations under these Terms will commence on, the Issue Date.
- (c) For each 1.00 of Investment Amount paid the Applicant will be entitled to one MLI Unit. If the Investment Amount is paid in Australian Dollars then the MLI will be issued in the AUD Series. If the Investment Amount is paid in United States Dollars, then the MLI will be issued in the USD Series.

- (d) Within 10 Business Days of the Issue Date, the Issuer will send to the Investor a notice acknowledging either the acceptance or rejection of the Applicant's offer.

2. Deferred purchase of Delivery Assets

2.1. Purchase of Delivery Assets

The Investor agrees to purchase from the Issuer on the Maturity Date the Delivery Parcel for the Investment Amount (which will be paid by the Investor in accordance with clause 2.2 of these Terms). Following Maturity, the Issuer will deliver the Delivery Parcel to the Investor in accordance with clause 3 of these Terms.

2.2. Payment of the Investment Amount

- (a) The Investor must pay the Investment Amount to the Issuer in cleared funds by the Offer Close Time.
- (b) The Minimum Investment Amount that will be accepted by the Issuer under these Terms is the minimum amount set out in the Term Sheet.

3. Maturity and Settlement of deferred purchase

3.1. Notice of Maturity

The Issuer will give a Maturity Notice to the Investor approximately 20 Business Days before the Maturity Date.

3.2. Effecting Maturity

- (a) The Investor must complete the deferred purchase of the Delivery Parcel by returning the Maturity Notice to the Issuer on or before the Closing Time, specifying in the Maturity Notice that the Investor will accept physical delivery of the Delivery Parcel or that the Investor will use the Agency Sale Arrangement.
- (b) If the Issuer:

- (i) does not receive the Investor's Maturity Notice by the Closing Time; or
- (ii) receives the Investor's Maturity Notice by the Closing Time and the Investor has not elected in the Maturity Notice to accept either physical delivery of the Delivery Parcel or to use the Agency Sale Arrangement,

the Investor will be deemed to have elected physical delivery of the Delivery Parcel and the deferred purchase will complete.

3.3. Physical delivery of the Delivery Assets to the Investor

If the Investor has elected on the Maturity Notice to accept physical delivery of the Delivery Parcel or the Investor is deemed to have so elected under clause 3.2(b):

- (a) the Issuer (either itself or through a nominee) will procure the performance of all acts required of a transferor of marketable securities under the ASTC Settlement Rules to enable the Delivery Parcel to be transferred to the Investor on the Settlement Date or as soon as possible thereafter, free from any security interest or third party interest or restriction on transfer (other than one that has been accepted by the ASX for the purposes of quotation of the property comprising the Delivery Assets); and
- (b) the Investor irrevocably authorises the Issuer and any of its nominees, at the option of the Issuer, to act as the Investor's agent to do all things required to be done, including, but not limited to, supplying the Investor's HIN, to effect the delivery of the Delivery Parcel to the Investor.

3.4. Delivery through the Agency Sale Arrangement

If the Investor has elected to use the Agency Sale Arrangement, the Issuer (either itself or through a nominee) will procure the delivery of the Delivery Parcel as follows:

- (a) the Issuer or its nominees are irrevocably authorised to accept physical delivery of the Delivery Parcel for, and on behalf of, the Investor on the Settlement Date;
- (b) the Investor irrevocably authorises the Issuer or its nominees to sell, and irrevocably directs and authorises the Issuer or any of its nominees to take, all actions necessary or desirable to effect the sale by the Issuer or its nominees of the Delivery Parcel;
- (c) the Issuer or its nominees on behalf of the Issuer will deliver to the Investor's Settlement Account (or pay by cheque to the Investor if no Settlement

Account is nominated) the Sale Proceeds within 10 Business Days of the Settlement Date, or as soon as reasonably practicable thereafter; and

- (d) the Investor acknowledges and agrees that:
 - (i) the Issuer or its nominees agree to sell the Delivery Parcel on behalf of the Investor for an amount per Delivery Asset equal to the Official Closing Level on the Trading Day immediately following the Maturity Date; and
 - (ii) to the maximum extent permitted by law, the Issuer and its nominees are not responsible for any loss, costs or expense incurred by the Investor as a result of using the Agency Sale Arrangement (whether from negligence or otherwise), except to the extent that such loss, cost or expense arises as a result of the Issuer's or the nominee's default, fraud or dishonesty.

The Investor agrees and acknowledges that the Issuer or its nominees will use its best endeavours to sell the relevant Delivery Parcel in accordance with clause 3.4(d)(i). If, for any reason whatsoever, the Issuer is unable to sell the relevant Delivery Parcel at the Official Closing Level on the Trading Day immediately following the Maturity Date, the Investor irrevocably authorises the Issuer to use its best endeavours to sell the relevant Delivery Parcel as soon as practicable at the best price the Issuer can obtain.

3.5. Payment by the Issuer

In respect of each MLI Unit, the Issuer must pay to a holder of a MLI Unit on the applicable Interest Payment Dates set out in the Term Sheet for the AUD Series or the USD Series the Interest Rate Payments applicable to that MLI.

3.6. Satisfaction of obligations

Upon delivery of the Delivery Parcel to the Investor in accordance with this clause 3 or payment by the Issuer or its nominee (on behalf of the Issuer) to the Investor of the relevant amount in respect of the Delivery Parcel under clause 3.4(c) and any payment of amounts due under clause 3.5, the Issuer's obligations to the Investor under these Terms are satisfied and discharged.

3.7. Delivery of a whole number of Delivery Assets only

The Issuer or its nominee will not transfer a fractional Delivery Asset or parts of a Delivery Asset. If any fraction of a Delivery Asset (including the Portion) would otherwise be transferable by the Issuer on the Settlement Date, the Issuer may keep that fraction of the Delivery Asset and cause to be paid to the Investor (within 10 Business Days

of the Settlement Date or as soon as reasonably practicable thereafter) an amount equal to the value of the fraction of the Delivery Asset forgone based on the Official Closing Level on the Trading Day immediately following the Maturity Date, provided that such amount exceeds twenty Australian Dollars (AUD 20). If the amount does not exceed AUD 20, the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction of the Delivery Asset. Upon performance of its obligations under this clause, the Issuer is discharged of its obligation to deliver the fraction of the Delivery Asset.

4. Early Maturity

4.1. Early Maturity by the Issuer

The Issuer may at any time (in its absolute discretion) nominate or declare any of the following events as an Early Maturity Event:

- (a) an event considered to be an Early Maturity Event as described in the PDS;
- (b) an Adjustment Event that occurs or is proposed to occur where, in the Issuer's reasonable opinion, it is not possible or desirable to deal with the occurrence of that event in accordance with clause 5;
- (c) where there is a suspension or material limitation of trading in financial products generally on the Relevant Exchange or any other exchange on which the Delivery Asset is traded for a period of 24 hours or more;
- (d) where there is a suspension or material limitation of trading in the Delivery Assets traded on a Relevant Exchange (or any successor) for a period of 24 hours or more;
- (e) if the Issuer determines in good faith that the performance of its obligations in relation to or under these Terms has or will become, in circumstances beyond the reasonable control of the Issuer, impossible, unlawful, illegal or otherwise prohibited as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any government, administrative, legislative or judicial authority or power;
- (f) a Hedging Event as described in clause 5.2; or
- (g) any actual or proposed event that may reasonably (in the Issuer's opinion) be expected to lead to any of the events referred to in paragraphs (a) to (f) above occurring.

If any event occurs which constitutes both an Adjustment Event as defined in clause 15.1 and an Early Maturity Event as defined in this clause, the Issuer may, in its

discretion, treat that event as either an Adjustment Event or Early Maturity Event.

4.2. Early Maturity at the request of the Investor

The Investor may only request an Early Maturity on a weekly basis by completing and giving the Investor Sale Form to the Issuer. An Early Maturity can only be requested in respect of the full amount of the Investor's MLI. It is in the Issuer's absolute discretion to accept or reject the request for Early Maturity. If the Issuer accepts, the Issuer will in its absolute discretion determine an Early Maturity Date as soon as practicable after the request is received and will complete accordingly.

4.3. Determination that there will be an Early Maturity

Where the Issuer has nominated an event as an Early Maturity Event, the Issuer may, in its absolute discretion, determine that there will be an Early Maturity and may specify a date as the Early Maturity Date.

4.4. Early Maturity Mechanism

- (a) If the Issuer determines that there will be an Early Maturity in accordance with clause 4.1 only or if the Investor has requested an Early Maturity, the Early Maturity will take place as follows:
 - (i) The Issuer will, before the Early Maturity Date, notify the Investor that Early Maturity will occur on the Early Maturity Date in accordance with clause 3 of these Terms. The notice issued by the Issuer under this clause shall serve as the Maturity Notice. The Issuer will specify in the Maturity Notice whether Early Maturity will occur by the normal Maturity process in accordance with clause 4.4(a)(ii) or by Exit Payment in accordance with clause 4.4(a)(iii).
 - (ii) If specified in the Maturity Notice and subject to clause 4.4(b), Early Maturity will take place in accordance with the procedures set out in clauses 3.2 to 3.6 of these Terms.
 - (iii) If specified in the Maturity Notice, Early Maturity will occur by the Issuer paying to the Investor the Exit Payment to the Investor's Settlement Account (or by paying the Exit Payment by cheque to the Investor if no Settlement Account is nominated) within 10 Business Days of the Settlement Date or as soon as practicable thereafter.
- (b) After the Delivery Parcel is delivered to the Investor under clause 3.3(a) or after the Issuer (or its nominee) pays the Investor the Exit Payment

in accordance with clause 4.4(a)(iii) or after the relevant amount in respect of the Delivery Parcel under clause 3.4(c) is paid to the Investor's Settlement Account as a result of an Early Maturity Event occurring, all obligations of the Issuer to the Investor under these Terms are deemed to be satisfied in full and the Issuer is discharged from its obligations under these Terms.

- (c) If there is an Early Maturity by the Issuer under clause 4.1 only or if the Investor has requested an Early Maturity, for the purposes of determining the Delivery Parcel, the definition of "Delivery Parcel" in clause 15 does not apply and instead the following definition will be applied: "Delivery Parcel" means the number of Delivery Assets to be delivered by the Issuer to the Investor on the Settlement Date as determined by the following formula:

Delivery Parcel =

$$\frac{\text{Early Maturity Value} \times \text{no. of MLI Units held by Investor}}{\text{Official Closing Level for the Delivery Asset on the Trading Day immediately following the Early Maturity Date}}$$

4.5. Substitution of Delivery Assets

The Issuer may, in its reasonable opinion, determine that it is not possible to transfer the Delivery Assets comprising the Delivery Parcel to the Investor. In this case, Maturity will take place in accordance with clause 3 (or, in the case of an Early Maturity, in accordance with clause 4.4(a)) except that the Issuer may substitute any other security quoted and trading on ASX (including any other security or any other fund or entity listed on ASX) for the Delivery Asset and deliver that substituted security in accordance with these Terms as if the definition of "Delivery Asset" was amended to refer to the substituted security.

4.6. No Capital Protection on Early Maturity

If there is an Early Maturity, whether it arises because of an Early Maturity Event or because the Investor has requested an Early Maturity, the Capital Protection will not apply and the Issuer does not guarantee to deliver to the Investor a Delivery Parcel either based on the Final Value per MLI or equal to the Issue Price. For the avoidance of doubt, where there is an Early Maturity (and the Issuer elects the normal Maturity processes to apply) the Delivery Parcel will only be determined in accordance with clause 4.4(b).

4.7. Adjustments to this clause

Where the Issuer determines that any of the provisions of this clause 4 are not appropriate in any particular circumstances, or that any event which is not dealt with in clause 4 should have been dealt with, it may make any alterations to the effect of this provision or to any other Term that it considers to be appropriate.

5. Adjustment Events and Hedging Events

5.1. Adjustment Events

If an Adjustment Event occurs or is proposed to occur on or before the Maturity Date, the Issuer may in its discretion elect to do any or all of the following:

- (a) substitute the Delivery Assets with any other security quoted and trading on the same Relevant Exchange; and/or
- (b) adjust or amend any variable, formula, amount or calculation as set out or used in these Terms (including without limitation the Term Sheet); and/or
- (c) adjust, amend or substitute the definition of Delivery Asset and/or vary any of the terms referred to in the PDS under the heading "Changes to the Delivery Assets"; and/or
- (d) determine to suspend any of the necessary calculations referred to in these Terms as appropriate until reliable values can be obtained,

in a manner consistent with the PDS provided that in the reasonable opinion of the Issuer the adjustment in accordance with the above paragraphs is appropriate to put both the Issuer and the Investor in substantially the same economic position as the Investor and the Issuer would have been in had the Adjustment Event not occurred. If in the reasonable opinion of the Issuer it is not possible or desirable to deal with the occurrence of the Adjustment Event in accordance with this clause 5, the Issuer may nominate or declare the event as an Early Maturity Event and may deal with that event in accordance with clause 4. The Issuer will notify Investors of any adjustment that it proposes to make under this clause before the adjustment occurs or as soon as reasonably practicable after the adjustment occurs.

5.2. Hedging Event

The Issuer has discretion, to be exercised in good faith and in a reasonably commercial manner, to make such adjustments to the Terms if a Hedging Event occurs or is proposed to occur, where:

- (a) on any day the Issuer is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the MLI, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (a "Hedging Disruption"); or

- (b) on any day the Issuer would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the MLI, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (an **“Increased Cost of Hedging”** and together with the Hedging Disruption, each a **“Hedging Event”**), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging, then the Issuer shall, in its sole and absolute discretion, determine if such Hedging Event has a material effect on the MLI and, if so, the Issuer may make such adjustments (as described in clause 5.1 above) to any of the Terms of the MLI as it determines appropriate to account for any such Hedging Event and determine the date(s) on which any such adjustments will be effective. If in the reasonable opinion of the Issuer it is not possible or desirable to deal with the occurrence of the Hedging Event in accordance with this clause 5, the Issuer may nominate the event as an Early Maturity Event and may deal with that event in accordance with clause 4. The Issuer will notify Investors of any adjustment that it proposes to make under this clause before the adjustment occurs or as soon as reasonably practicable after the adjustment occurs.

6. Accretions

These Terms do not confer on the Investor any right or interest in respect of Accretions to the Delivery Assets. Accretions to the Delivery Assets may lead to adjustments as provided for in clause 5 of these Terms.

7. The Issuer's obligations are unsecured

The Issuer's obligations under these Terms or in relation to the deferred purchase of the Delivery Assets are direct, unconditional and unsecured obligations of the Issuer and these obligations rank equally with the Issuer's existing unsecured debt.

8. Interest in the Delivery Assets

For each MLI an Investor holds, the Investor receives a Beneficial Interest on the Issue Date. The Investor holds the Beneficial Interest until the earlier of Maturity or transfer of each MLI in accordance with clause 14.9.

An Investor may only deal with the Beneficial Interest in accordance with these Terms.

The Issuer or its nominee will hold the Portion of the Delivery Assets for the Investor from the Issue Date until the Maturity Date and will be entitled to retain any dividends or other distributions made in connection with those assets, exercise all voting rights and will not be required to pass any notice of meeting or other material in connection with the Delivery Assets to the Investor.

The Issuer or its nominee may administer its holding of Portions such that Portions of an Investor or Investors may be aggregated.

The Issuer or its nominees has all the powers that a natural person would have in relation to the Portions, subject to these Terms.

The Beneficial Interest for each MLI forms part of that MLI and may not be severed from the balance of the rights in connection with that MLI or dealt with separately in any way.

When an Investor deals with an MLI in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding Beneficial Interest. When an Investor deals with a Beneficial Interest in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding MLI. For example, when an Investor (the “old holder”) transfers an MLI to another person (the “new holder”):

- (a) all the rights and obligations that attach to that MLI, including the Beneficial Interest, are transferred from the old holder to the new holder;
- (b) the old holder's interest in the MLI will be removed from the Register and the new holder will be added to the Register; and
- (c) the old holder ceases to have any rights in relation to the MLI or the Beneficial Interest.

If any Investor purports to deal with an MLI without an equivalent dealing in the corresponding Beneficial Interest, or if any Investor purports to deal with a Beneficial Interest without an equivalent dealing in the corresponding MLI, or if any Investor purports to contract out of this clause in any way, any such dealing will be void and the MLI and the Beneficial Interest will remain with the Investor recorded on the Register.

At the Maturity Date, the Portion will form part of each Delivery Parcel, and so will either:

- be delivered to the Investor if physical delivery applies; or
- be sold and form part of the Sale Proceeds if the Agency Sale Arrangement applies.

The Investor agrees and acknowledges that the agreement to purchase the Delivery Assets as set out in these Terms

and the payment of the Investment Amount does not transfer the legal or beneficial interest in the Delivery Assets to the Investor other than the Beneficial Interest in a Portion of the Delivery Assets. The parties agree and acknowledge that the legal or beneficial interest in the balance of the Delivery Assets will transfer to the Investor only on the Settlement Date. If the Issuer fails to deliver the balance of the Delivery Assets to the Investor in accordance with these Terms, the Investor agrees that it will not be entitled to an injunction, specific performance or any other equitable rights or remedies and will be entitled only to damages.

The Issuer or its nominee is indemnified in its capacity as holder of the Portions for all costs, expenses, outgoings, loss or damages paid, suffered or incurred in that capacity, from the Portions so held, unless such cost, expense, outgoing, loss or damage arises by virtue of dishonesty or wilful breach of trust.

The liability of the Issuer or its nominee to Investors or any other person in relation to the holding of Portions, is limited to the extent to which the liability can be satisfied out of the Portions held for Investors, unless the liability arises by virtue of dishonesty or wilful breach of trust.

9. Taxes

- (a) The Issuer is not liable for any Taxes or other charges payable by:
 - (i) the Investor in relation to or in connection with these Terms; or
 - (ii) any person on, as a consequence of, or in connection with, the purchase, sale or transfer of, or on the Maturity of the purchase and sale of a Delivery Asset.
- (b) The Investor must pay all Taxes (including GST) and other charges, if any, payable by:
 - (i) the Investor in relation to or in connection with these Terms; or
 - (ii) any person on, as a consequence of, or in connection with, the purchase, sale or transfer of, or on the Maturity of the purchase and sale of a Delivery Asset.

10. Investor's representations and warranties

- (g) the Investor acknowledges that Section 7 of the PDS ("Tax Considerations") is provided only for the benefit of the Issuer and is necessarily general in nature and does not take into account the specific taxation circumstances of each individual Investor. The Investor acknowledges that it has sought its own independent advice on the taxation implications relevant to its own circumstances before making an investment decision.

11. Set off Rights

- (a) All monetary obligations imposed on the Investor under these Terms are absolute, free of any right to counterclaim or set off and may only be satisfied once the payment has cleared.

- (b) The Issuer may set off any amount payable to it by the Investor against any amount payable by the Issuer to the Investor. The Issuer may withhold any amount payable by it to the Investor in satisfaction of any amount payable to it by the Investor.

The Issuer will give the Investor notice of any Change to these Terms and the Investor will be bound by any such Change at the time the Investor is served with such notice.

14. General provisions

14.1. Currency

All amounts payable by either party under these Terms will be paid in the corresponding Denomination specified in the Term Sheet in respect of the AUD Series or USD Series. All calculations will be performed in currency specified as the "Denomination" in the Term Sheet and any necessary foreign exchange will be calculated by applying the AUD/USD spot rate as at the date of that calculation.

14.2. No merger

The Issuer's rights under these Terms are additional to and do not merge with or affect and are not affected by any mortgage, charge or other encumbrance held by the Issuer or any other obligation of the Investor to the Issuer, despite any rule of law or equity or any other statutory provision to the contrary.

14.3. Rounding

All calculations made by the Issuer for the purposes of these Terms will be made to not fewer than two decimal places. Other than as provided in these Terms, rounding of numbers will not occur until the final calculation of a relevant amount or number at which time the Investor's entitlements will be aggregated and that aggregate will be rounded so that all money amounts are rounded down to the nearest whole cent and all numbers of Delivery Assets are rounded down to the nearest whole number.

14.4. Certificates

Any document or thing required to be certified by the Investor or the Issuer must be certified by the Investor (if an individual) or a director, secretary or authorised officer of the Investor (if a company) or director, secretary or authorised officer of the Issuer, as the case requires, or in any other manner that the Issuer may approve.

14.5. Execution by attorneys

Each attorney executing the Application Form which binds the Investor to these Terms states that he, she or it has no notice of revocation or suspension of the power of attorney under which the attorney executes the Application Form.

14.6. Power of attorney

For valuable consideration the Investor irrevocably appoints the Issuer, its nominees and any of their directors and secretaries or any employee whose title includes the words "director", "head" or "manager" severally as attorney of the Investor to do (either in the name of the Investor or the name of the attorney) all acts and things that the Investor is obliged to do under the Terms or which, in the opinion of the Issuer, are necessary or desirable in connection with the Delivery Assets or the protection of the Issuer's interests or the exercise of the rights, powers and remedies of the Issuer, including without limitation the authority to sell the Delivery Assets on behalf of the Investor in accordance with clause 3.4(b).

14.7. Invalid or unenforceable provisions

If a provision of these Terms is invalid or unenforceable in a jurisdiction, it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability, and that fact does not affect the validity or enforceability of that provision in another jurisdiction or the remaining provisions.

14.8. Waiver and exercise of rights

A single or partial exercise of a right by the Issuer does not preclude another exercise or attempted exercise of that right or the exercise of another right. Failure by the Issuer to exercise or delay in exercising a right does not prevent its exercise or operate as a waiver.

14.9. Assignment and transfer of interests

- (a) The Issuer may transfer its rights and obligations under these Terms at any time by giving notice to the Investor (and in the case of the Issuer transferring obligations, the power of attorney in clause 14.6 will extend to any novation deed or agreement that the Issuer considers desirable to give effect to the transfer of obligations).
- (b) The rights and obligations under these Terms may, with the prior consent of the Issuer:
 - (i) be assigned by the Investor; or
 - (ii) be made the subject of any encumbrance, charge, trust or fiduciary obligation.
- (c) Any action that purports to do so without the prior consent of the Issuer is invalid, void and without effect as between the Investor, the Issuer and any third party.
- (d) When an Investor deals with an MLI in a manner that does not involve the transfer of legal ownership of the MLI, the Issuer has no duty to record the dealing on the Register. Each Beneficial Interest corresponding to a particular

MLI will pass to a new investor upon registration of a transfer of the MLI in the Register. The Issuer and the registrar are entitled to rely on the Register as the definitive record of ownership of MLIs.

14.10. Recording conversations

The Investor acknowledges that conversations between the Investor and the Issuer (or any officer of the Issuer) may be tape-recorded. The Investor consents to the tape-recording and to its use (or any transcript of the recording) in any proceedings that may be commenced in connection with these Terms.

14.11. Calculations and references to dates and times

Calculations or determinations made on or by reference to a particular day are to be made on or by reference to that day in the place and time zone of the Relevant Exchange to which that calculation or determination relates.

14.12. Payments by the Issuer

All amounts payable by the Issuer under these Terms will be paid to the Investor's Settlement Account. If the Investor has not nominated a Settlement Account, payment will be made by the Issuer drawing a cheque made payable to the Investor which will be sent to the Postal Address provided by the Investor on its Application Form, and on doing so the Issuer is discharged of its obligations under these Terms.

14.13. Governing law and jurisdiction

These Terms are governed by the laws of New South Wales. The Investor irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and waives, without limitation, any claim or objection based on absence of jurisdiction or inconvenient forum.

14.14. PDS prevails

Except for clauses 4 and 5 of these Terms, if there is an inconsistency between these Terms and statements made in the PDS, the statements made in the PDS will prevail. If there is an inconsistency between either or both of clauses 4 and 5 of these Terms and statements made in the PDS, clauses 4 and/or 5 of these Terms will prevail.

Investing through a master trust or wrap account

Applicants investing through master trusts and wrap accounts should not complete the Application Form attached to this PDS. Instead, Applicants should complete the forms the master trust or wrap account operator requires. Any enquiries should be directed to the operator of the master trust or wrap account. If investing through a master trust or wrap account then it is important to remember that it is generally the operator of that service which becomes the Investor in the MLI (not you directly). It follows that the operator has the rights of an Investor and can exercise them in accordance with the master trust or wrap account agreement. The Issuer is not responsible for the operation of any master trust or wrap account service through which you may invest. You may however still rely on the information in this PDS. Enquiries and complaints should be directed to the operator of that service, not to us. Reports on your investment will come from the operator of that service, not from us.

In addition to reading this document, you should read the document that explains the master trust or wrap account.
